WELCOME TO LEANDER

Welcome to the Living Leander Magazine

Dear Friends,

It is my absolute pleasure to welcome you to this edition of the Living Leander Magazine. Each page of this publication reflects the vibrancy, growth, and heart of our incredible community. Leander is more than just a city; it is a place where businesses thrive, neighbors become friends, and together we create a future full of promise.

Leander's charm lies in its unique ability to blend a small-town feel with big opportunities. From our bustling local businesses to our scenic parks and engaging community events, there is something for everyone here. Our collective efforts to support one another—whether it's through shopping local, participating in community initiatives, or simply sharing a smile—are what make Leander such a remarkable place to live, work, and grow.

As we celebrate our community's achievements and look forward to an exciting future, I am thrilled to share an important initiative: the Building Leander Together Capital Campaign. This campaign represents our vision for a new, modern facility for the Leander Chamber of Commerce, designed to serve as a hub for business innovation, community engagement, and economic development. With this new building, we aim to create a space that fosters collaboration, provides vital resources, and reflects the spirit of growth that defines our city.

The success of this campaign relies on the collective support of our community. By contributing to this project, you are investing in the future of Leander and ensuring that we continue to build a city where dreams flourish and opportunities abound. Together, we can create a space that not only meets today's needs but also positions us for a bright and prosperous future.

Thank you for being an essential part of Leander's story. Whether you're a lifelong resident, a new neighbor, or a local business leader, your contributions make a difference. Let's continue to build Leander together—a city where community, innovation, and opportunity thrive.

Warm regards,

LETTER FROM THE MAYOR

Welcome to beautiful Leander, Texas! Since you've made the decision to join our amazing community, you probably already know about our award-winning school district and our CALEA-accredited police department. If you're opening your business here, you already know we're growing at a rate 24 times the national average and that our residents have some of the highest household income in the region. If you've just moved here, you probably fell in love with our 350 acres of parks and how we manage to maintain our small town feel while being just 20 minutes away from Austin.

So let me tell you some things you might not know: Leander's greatest strength is in our community. "Community" is not just a word we toss around here. We would love for you to dive in, get involved, and mingle with your neighbors. Join the Chamber of Commerce and network with other business owners. Bring your family to Old Town Street Festival, Liberty Fest, and our Christmas Parade & Tree Lighting. Make sure to come outside each October for National Night Out, walk with us in our annual MLK march, our Halloween Spooktacular, and join us throughout the year for Movies in the Park.

Community is the heart of everything we do and we're glad you've decided to be a part of it. Nobody in Leander is a stranger and you can feel free to contact myself and the city council about anything at any time. We're here for you. So on behalf of our community, our residents, businesses, city staff, and Council, it is my distinct honor to welcome you to Leander, the rising star of Texas!

All the best,

Mayor Christy

Not An American Genius

Einstein was born in Ulm, a city that lives between two states. One foot in Württemberg and one foot in Bayern, his life began out of place. He was thrown further out of place in 1933 when a new chancellor didn't like his name or religion.

The genius of America allowed Einstein to dream big and change the world. America looks beyond name and religion. It welcomes "out of place" dreamers so they can change the world.

MAYA Partners is a team of people with the wrong name and the wrong religion and exceptional talents. We're not Einsteins. But we know our place. And that place is fueling the genius of American entrepreneurs with the right talent so they can change the world.

Leander Chamber
of Commerce
100 N. Brushy, Leander

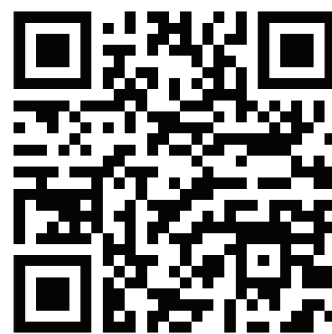

Why Trains and What is the Trail of Trains?

Leander was established in 1882 on land sold by the Austin and Northwestern Railroad Co. The town was named in honor of Leander "Catfish" Brown, one of the railroad officials responsible for the completion of the line. The railroad established Leander, and today it is the only stop outside the city of Austin on the Capital Metro rail.

To commemorate and honor both our past and future, the Leander Chamber of Commerce and Visitors Center invites visitors to explore the Leander Trail of Trains, honor our enduring heritage and promising future.

For extra fun, complete our Trail of Trains Photo Scavenger Hunt and pick up some fun prizes along the way.

History in Leander is alive and well

Experience our past through our historic homes, churches, and markers – these sites tell the story of our settlers in the Texas Hill Country.

Mason Homestead

The Mason Homestead is an 1860s-era restored farmhouse in the heart of Leander. The property was part of a 300-acre tract that was given to Charles C. Mason by his father shortly after the Civil War ended in 1865. In 2005 the 3½ acre Homestead was given to the City by Charles Mason's granddaughter, Christine Mason. Today the City of Leander maintains and rents the home out for special events. *(Pictured above)*

Dinosaur Tracks

One of our fossil records is a set of dinosaur tracks possibly made by an acrocanthosaurus. It looks similar to the tyrannosaurus rex. It stood 15 feet tall and 38 feet long. The prints are on private property. Just north of where 183 and 183-A come back together, you'll find the bridge over the South San Gabriel. The tracks are found on the south side of the river, just about a halfmile downstream from the bridge.

Leander United Methodist Church

This sanctuary was constructed here in 1879. The Bagdad sanctuary was relocated at this site on land deeded by Sarah J. Walker. Many prominent area leaders have been members here, including several who later became ministers.

Leanderthal Lady

The geology and weather of Leander, Texas has preserved a number of amazing fossils. Back in 1983, a woman's skeletal remains were found on a construction site. After close examination it was determined she was 10,000 to 13,000 years old. This site was one of the earliest intact burials ever found in the United States. This prehistoric woman was dubbed the "Leanderthal Lady".

Bagdad Cemetery

Opened in 1857 with the burial of 3-year-old John Babcock, whose father Charles later gave the tract to the community. Other early burials were Civil War veteran John Haile and Col. C.C. Mason.

Leander Presbyterian Church

This church was built in 1884. Many descendants of early members remain active in the life of the church.
